

IELTS Essay Questions April-June 2019

(PDF Series-IV)

1. Some people think the governments should increase the cost of fuel for cars and other vehicles in order to solve environmental problems. To what extent do you agree or disagree?
2. In many countries, the government prohibits underage children from getting full-time jobs. Is it a good thing or bad thing?
3. In many cities, young people prefer shopping as a form of leisure activity. Why do you think this happens? Is it a positive or negative development?
4. Some people think studying in groups is better, while some think self study is better for school students. Discuss both sides and give your opinion.
5. Some people think that young people should follow older people's examples while others think it is good for young people to challenge older people's opinions and thoughts. Discuss both views and give your own opinion.
6. Nowadays, many people buy household goods(like television, rice cookers etc.). Do you think this is a positive or negative development?
7. One of the best methods to motivate and encourage workers is to pay them according to what they produce or sell. Do you think this is the best method?
8. People doing dangerous sports activities like scuba diving and bungee jumping should be responsible for their own life and rescue workers should not risk their lives to save people doing those sports. Do you agree or disagree?
9. More and more people are becoming seriously overweight. Some people say that raising the price of fast foods will solve this problem. To what extent do you agree or disagree?
10. Government money should be used to support children in school for sports rather than to support professional sports and arts that perform for the general public. To what extent do you agree?
