

Why OET is a Better Choice for Healthcare Professionals?

OET is Custom Made for Your Profession

OET is appropriately crafted for the profession you choose. For instance, if you aspire to be a nurse, you need to be comfortable in working in a challenging and fast-paced environment. There are various sections in OET that make you familiar with several real-life circumstances.

Being Familiar with the Vocabulary

In the healthcare profession, you need to be acquainted with a number of medical vocabulary and in this regard, OET has a significant role to play. OET helps the candidates to prepare for a considerable volume of medical vocabulary, thereby proving to be quite beneficial.

Suitable for Both 'Pencil and Paper' and 'Face-to-Face' People

In recent times, a lot of exams have become online and many use automated grading as well as voice recognition. But many still feel comfortable with the pencil and paper test. To make it suitable for both types of candidates, OET is paper-based and makes use of human examiners the speaking as well as language capabilities of candidates coming from various backgrounds.
